

ACCESS POINTS SUITABLE FOR RIVER LOCATION RECOVERY

Map data © 2018 Google

This map identifies suitable access points for various locations on the Broads, (not necessarily boat recovery). Details on the opposite page show relevant what3words location references.

The inclusion and location of the map references do not authorise right of entry and may be subject to permission of the landowner.

NSBA do not take any responsibility for the accuracy of the information which is always subject to change.
